

A close-up photograph of a young boy with dark hair and a bright smile, looking towards the camera. He is holding a clear glass filled with water. The background is a plain, light color.

The human body is 60% water.

## **Give yours the good stuff.**

Washington tap water is convenient, tested, tasty and portable. Just put it in a reusable glass, plastic or stainless steel bottle and enjoy the goodness for pennies a day.

**Drink in the goodness of pure Washington water.**
